

Dear Parishioner,

As you may know, in 2008 we introduced a new program at our parish called *Faith Direct*. This program, which enables parishioners to make offertory contributions to Our Lady of Peace via automatic payment from their checking or credit card accounts, has already begun to make a tremendous impact on our offertory and second collections.

I am hopeful you will join the parishioners who are using *Faith Direct* for their gifts to Our Lady of Peace. Your contributions through Faith Direct will provide OLP with a consistent monthly cash flow and help you budget your financial resources wisely in these difficult economic times.

I hope you will give this program careful consideration for your Sunday offertory and second collections. **To enroll online click on the Faith Direct logo below and use our parish code *0H89*.** *Faith Direct* will provide you with personalized offertory cards you may choose to place in the offertory basket as a visible sign of your support. You should also know that there is neither cost to you nor additional cost to the parish for you to make your donations through this program.

I can assure you that your donations through *Faith Direct* will be secure and your personal and financial information will be safeguarded. Our Parish Finance Council has reviewed *Faith Direct* and confirms that this company adheres to the highest security and compliance standards in the business. As a user of this service, I believe that my personal information, and that of every parishioner who participates, is in very good hands. If you should have questions or concerns, please contact *Faith Direct* at 866-507-8757.

Thank you, and may God's abiding presence be with you and your loved ones.

Sincerely yours in Christ,

Fr. Gary Chmura
